

DISTRICT 5040 YOUTH EXCHANGE
CLUB AGREEMENT - LONG TERM PROGRAM

For the Long Term (One Year) Exchange Program, the District Youth Exchange Committee must make student exchange commitments with overseas Rotary Districts at least nine months before the exchanges are due to commence. We therefore need to receive timely club participation commitments so that we can balance the total number of exchanges to be arranged.

The standard Youth Exchange program requires Rotary Clubs to select a student in the Fall who will eventually start their year overseas in August of the following year. If you send out an exchange student, you must agree to host a student in return. However, due to strong demand for student placements in Canada, we can always identify a student from overseas for your club to host - even if you are unable to find a suitable outbound candidate. If this is the case with you, please contact District Youth Exchange Chair.

Please complete the following form and mail or email signed copy to the District Youth Exchange Chair, name and information of the chair is located in the District Directory and Website as well as D5040 Youth Exchange Website.

Clubs that wish to participate in the program, but have limited resources, should consider partnering with a nearby Rotary Club. This is often done in communities served by more than one Rotary Club. If you choose to partner, please indicate the names of the two clubs in the comment section below, and have both Club Presidents sign this agreement.

Rotary Club of _____ wishes to participate and host a Long Term Exchange Student for the years: 20____ to 20____

We wish to host a Male: _____ Female: _____ Doesn't Matter: _____
